2020 ASA Awards Cancelled

Due to a lack of face-to-face events, the ASA Board has made the very difficult decision that the 2020 Awards of Excellence and the 2020 Pru Pratten Lifetime Achievement Award will be postponed to next year.

A number of different options were looked at, but we believe there is no option available that would adequately provide the recipient with the same acknowledgment and appropriate recognition for their achievements compared to previous year's recipients.

Those who were nominated will have their nominations carried over for assessment in 2021 and we are hoping to award the recipients as per usual at the ASA2021 Brisbane conference Awards Breakfast and at the gala dinner.
